7. RECOMMENDATIONS

1. **Outstanding Balances:** Follow up with students who have outstanding balances totaling **K55.90** to ensure complete accountability of all distributed funds.
2. **Future Distributions:** Maintain current structured timeline for fund disbursement and acquittal. A check needs to be done right after all the acquittals forms are collected to identify students who have outstanding and they will be advised to settle their debt prior to them being cleared at the school. They will not continue with their end of year clearance unless their debts are settled.
3. **Documentation:** Maintain the current comprehensive documentation practice that tracks all fund movements.
